Dear Judiciary Committee Member,

I am writing you in regards to Rep. Daryl Metcalfe's Resolution to Impeach the Mayor of the City of Pittsburgh, William Peduto.

I find it interesting that in a country founded on the "Rule of Law", that a law maker, such as yourself, appears to be willing to turn your eye away from an overt disregard for the laws of the Commonwealth of Pennsylvania. The Mayor of Pittsburgh is comparing the PA State Preemption laws to those of slavery and denying women the right to vote. What he is doing is promoting a mindset of anarchy and the "selective" observance of Law.

As a citizen, if I were to avoid paying taxes or even install a septic tank outside of code, there would be real consequences. I guess elected officials are indeed above the law when THEY can selectively choose which laws they will obey and which ones they will not. Perhaps there IS honor among thieves when other elected officials will by proxy support these illegal actions by not standing up and "holding their own" accountable. There MUST be consequences to the Mayors' actions.

Mayor Peduto is openly, willingly, and arrogantly defying the PA State Preemption laws and violating the Rights of law abiding Pennsylvanians and he is quoted as saying, "Sue Me!" on camera. I feel ANY law maker that would stand by while an elected official openly defies the laws of the land and the Rights and Liberties of the Law Abiding Citizens lacks in honor and integrity. I would go as far to say that that law maker, by action, would lack respect for law or even for his or her self as a law maker.

The mayor has aligned himself with Bloomberg's "Everytown" organization. These outside influences are actively trying to usurp and undermine the authority of the Representatives of Pennsylvania government and ultimately the existing laws across the nation.

"So what we're going to do is we are going to overturn this law, and then we are going to overturn this law in Florida, and then we are going to overturn this law in other states."
Mayor William Peduto

Allegheny County Sportsmen's League and Firearms Owners Against Crime are currently taking legal action against the Mayor and City of Pittsburgh. We are committed to allocating every resource necessary to protect the Rights and Liberties of our members and fellow citizens. We are not "National" organizations. We are proud Pennsylvanians who are spending large sums of money that could be allocated to other beneficial projects within the Commonwealth as well as ultimately supporting the State economy. You and your colleagues in the General Assembly have the power to

end this travesty!

I have faith that you are indeed an honorable person, do the Right thing... protect the Rights and Liberties of Law Abiding Pennsylvanians and support Rep. Daryl Metcalfe's resolution to impeach the Mayor of the City of Pittsburgh, William Peduto.

"We the people" are watching and will gladly support elected officials who champion Liberty, and we will fight all those that oppose it.

If you require more information, clarification, or would like to discuss this matter further, feel free to contact me at the above email address.

Yours Most Respectfully,
